MAKE UP + SKIN

Makeup is a special and personal experience, much like your wedding day. So it's important that your makeup is also tailored to all of your individual needs, wants and desires.

One look is not for everyone. Therefore it is essential you feel comfortable and confident in your Makeup Artist's taste & style.

I've been in the industry for over 10 years now and have worked with some amazing brands and fellow artists.

A deposit is required to secure your date. Dates cannot be secured without a deposit and risk being booked by another bride. A non refundable deposit of £15 per person is required upon booking. This will be deducted from your final balance.

Touch Up Service

If you would like me to stay for touch ups and to refresh your makeup before photographs - this can be added to your booking. Super quick but so beneficial if you get a little emotional throughout your ceremony. Subject to availability.

Travel Fee

To cover fuel costs, a 50p per mile travel fee may be applied. Please specify your venue / location of getting ready at time of booking.

Should travel be excessive and require an overnight stay, this would be an additional fee.

Travel is subject to a group minimum of 4 people or a minimum fee.

Large Bridal Parties

If you have a large bridal party or two separate groups requiring Makeup - then I can bring an additional artist with me.

Depending on the order of the day - each artist can complete around 6 people comfortably. This will vary slightly if your ceremony time is earlier or later.

The Bridal Kit - Products

I use only premium and the highest quality products in my bridal kit, when it comes to Makeup, Skincare & Lashes.

I use a variety of brands including Nars, Laura Mercier, Bobbi Brown, Charlotte Tilbury, Kevyn Aucoin, Mac, Fenty, Vieve... The list goes on!

Lashes are premium quality and are included in all prices. Eldora, Ardell and Tatti lashes are among my favourite brands, of which I have multiple styles & lengths within the kit - there is something for everyone!

If you have any concerns or further questions regarding products - don't hesitate to ask.

Contracts

Once your bridal quote has been issued & accepted, a bridal contract will be issued for you to sign, along with how to pay the deposit.

This will outline all the terms & conditions of your booking, payment information and any further information you need to know.

Set Up & Timings

I require a medium/large table space for set up - preferably in front of a window with natural light if possible - and a plug socket nearby for lighting.

Ideally, I will aim to have everyone ready about an hour before ceremony.

Don't worry too much about who goes when - an experienced makeup and hair team can work this out but I would advise the bride doesn't go last.

Why Does Bridal Cost More?

A great question and one you should never be afraid to ask!

The Bridal Kit is full of exclusively, the highest quality products, skincare & equipment, to ensure perfection and longevity for different lighting, photographs & climates.

I dedicate my entire day to your and your bridal party, so you have my sole focus & assistance on anything that you need throughout the morning.

Time spent on administration, communication, time out of salon, kit cleaning, packing & sanitising, travel, set up time, insurance & kit replenishment - are all much higher costs that need to be covered.

I hope I have covered every question you have and you are excited for your upcoming day!

If you would love to work with me, as much as I would with you - then get in touch for a personalised quote.
